Queueing is the only word
with five vowels in a row.

The longest word in the
English language that has its
letters in alphabetical order
is *almost*.

**“Rhythms” is the longest
English word without a
vowel.**

A cartoon teacher with brown hair, red-rimmed glasses, a grey sweater over a white collared shirt, blue pants, and red and white sneakers. He is holding a red pointer stick and pointing it at a chalkboard. A blue speech bubble is above his head. The chalkboard is on a wooden stand and has two numbered clues written on it in white text.

Let us find
out.

1. The word that refers to the day before yesterday.
2. The word that contains the letters X,Y and Z in order.
